

Your Excellency,  
Ambassador of the Federal Republic of Germany  
Embassy of the Federal Republic of Germany  
119 Empire Circuit  
Yarralumla ACT 2600

Dear Ambassador,

I am writing to you as a deeply concerned citizen to protest in the strongest possible terms the unlawful kidnapping and ongoing human rights abuses perpetrated against Dr. Reiner Fuellmich by the German authorities.

Dr. Fuellmich is internationally recognized for his courageous efforts to uncover and speak the truth regarding the widespread fraud and deception surrounding COVID-19. Instead of being commended for his commitment to transparency and justice, he has been subjected to a shocking campaign of persecution.

After being barred from returning to his homes in both the United States and Germany, Dr. Fuellmich was lured to the German Embassy in Mexico under false pretences. There, he was abducted without a warrant or any semblance of due process, and forcibly transported to Germany. He has since been held in a German prison under appalling conditions for an extended period, denied the basic rights and protections that are the foundation of any fair legal system.

The so-called trial to which Dr. Fuellmich was subjected was a travesty of justice. He was not permitted to introduce witnesses or evidence in his defence. The presiding judge reportedly declared that witnesses and evidence were unnecessary, as he had already decided to find Dr. Fuellmich guilty, regardless of what was presented. Such blatant disregard for judicial impartiality and due process is a stain on Germany's reputation as a nation committed to the rule of law and human rights.

The inevitable result of this kangaroo court was a conviction for a non-crime, based on false evidence and trumped-up charges. Dr. Fuellmich has now been sentenced to three years and nine months in prison, his only "crime" being his systematic exposure of COVID-related fraud.

I urge you, as the representative of the German government in Australia, to convey the outrage and concern of the international community regarding this grave injustice. I call for the immediate release of Dr. Reiner Fuellmich, the restoration of his rights, and a full and transparent investigation into the abuses he has suffered.

Germany must uphold its obligations under international law and demonstrate its commitment to justice, human rights, and the rule of law.

Yours sincerely,

Tony Lambert
